RESIDENTIAL SPECIALTY CONTRACTORS LICENSE: Who needs one in Minneapolis?

Minneapolis Code of Ordinance 277.2940: Residential specialty contracting business means the construction, repair, replacement, remodeling, alteration, conversion, modernization, improvement or addition to any building which is used as a private residence or dwelling place for not more than **four (4) families**, including accessory buildings and land, and either:

1. Provision of only **one of the eight categories of special skills** as defined by Minnesota State Statute 326.83, subd. 19 or
2. The provision of two or more of the eight categories of special skill as defined by Minnesota State Statute 326.83, subd. 19, and whose total gross annual receipts from projects regulated under this article do not exceed **fifteen thousand dollars (\$15,000.00)**.

The eight categories of special skills are defined as follows by MN State Statute 326.83, subd 19:

1. **Excavation.** Excavation includes work in any of the following areas: (1) excavation; (2) trenching; (3) grading; and (4) site grading.
2. **Masonry and concrete.** Masonry and concrete includes work in any of the following areas: (1) drain systems; (2) poured walls; (3) slabs and poured-in-place footings; (4) masonry walls; (5) masonry fireplaces; (6) masonry veneer; and (7) water resistance and waterproofing.
3. **Carpentry.** Carpentry includes work in any of the following areas: (1) rough framing; (2) finish carpentry; (3) doors, windows, and skylights; (4) porches and decks, excluding footings; (5) wood foundations; and (6) drywall installation, excluding taping and finishing.
4. **Interior finishing.** Interior finishing includes work in any of the following areas: (1) floor covering; (2) wood floors; (3) cabinet and counter top installation; (4) insulation and vapor barriers; (5) interior or exterior painting; (6) ceramic, marble, and quarry tile; (7) ornamental guardrail and installation of prefabricated stairs; and (8) wallpapering.

5. **Exterior finishing.** Exterior finishing includes work in any of the following areas: (1) siding; (2) soffit, fascia, and trim; (3) exterior plaster and stucco; (4) painting; and (5) rain carrying systems, including gutters and down spouts.

6. **Drywall and plaster.** Drywall and plaster includes work in any of the following areas: (1) installation; (2) taping; (3) finishing; (4) interior plaster; (5) painting; and (6) wallpapering.

7. **Residential roofing.** Residential roofing includes work in any of the following areas: (1) roof coverings; (2) roof sheathing; (3) roof weatherproofing and insulation; and (4) repair of roof support system, but not construction of new roof support system.

8. **General installation specialties.** Installation includes work in any of the following areas: (1) garage doors and openers; (2) pools, spas, and hot tubs; (3) fireplaces and wood stoves; (4) asphalt paving and seal coating; and (5) ornamental guardrail and prefabricated stairs.

A Residential specialty contractor means any person, other than a bona fide employee of a residential specialty contracting business, who owns or operates a residential specialty **contracting business**, or who **undertakes** or **offers** to undertake or agrees to perform any building contracting, or negotiates or offers to negotiate a building contract with an owner, or solicits or otherwise endeavors to procure by any means whatsoever, directly or indirectly, a **building contract** from an owner, whether or not such person is a **prime contractor** or **subcontractor** with respect to the owner.

To determine if the contractor requires a residential specialty contractor's license we need to answer several questions:

1. Does this contractor have a State Remodeler's, Building Contractor's, Roofer or siding license?

Open the internet to www.doli.state.mn.us. Enter the contractor's name and see if he/she has a State license. If he/she has a State license, then refer the complainant to the Department of Labor and Industry. 277.2950. Exceptions. If a contractor is required to obtain a state license, such as a mechanical, plumbing or electrical contractor license, they do not need a Residential Specialty License.

2. Does this contractor need a City of Minneapolis license? Refer to the Residential Specialty Contractor definition above and check the key words outlined in the Minneapolis Code of Ordinances:

1-4 dwelling unit: Ask the complainant the number of units on their property.

One of the eight categories of specialty skills: If all the work performed is on the list in one category, they need a city license. If any of the work crosses categories, they need a State license.

Fifteen thousand \$15,000 in gross annual proceeds each year. The State exempts contractors from a license when they perform less than \$15,000 in contracting work each year. This exemption does not apply in the City of Minneapolis. If an individual performs less than \$15,000 contract work annually, and are exempt from the state license, they still must have a license in the City of Minneapolis. The State issues exemption certificates to contractors who perform less than \$15,000 gross annually.

Contract with value over \$500.00. A contract can be verbal or written. MCO 277.2950. Exceptions. This article shall not apply to: Any work which is done without compensation by private parties or Any work costing less than five hundred dollars

If the contractor meets the criteria listed above, they are required to obtain a City of Minneapolis Residential Specialty Contractor's license. All work performed on 1-4 dwelling units (with the exception of landscaping, plants and fences), by a contractor for pay over \$500 needs either a State license or city license.

MCO 277.2960: License required. No person shall own, operate, maintain, conduct or engage in the residential specialty contracting business, transact a building contract or hold himself or herself out as being able to do without having first secured a residential specialty contractor license from the city council. Said license shall be issued in accordance with the provisions of this article.

What action should be taken if a contractor needs a license but does not have a license?

If you determine the contractor need a State license then refer them to the Department of Labor and Industry.

If you determine a city license is needed:

1. In a first contract with a property owner, check the KIVA system to see if they have a city license. If they do not have a city license, then request the property owner to send a letter to the contractor stating what their problems are with the work performed and inform the contractor of their unlicensed status. Inform the property owner to call back if they cannot resolve their issues within a reasonable amount of time.

2. If the property owner calls back, request the following information from the property owner to proceed.
 - a. A copy of the written contract
 - b. A copy of the front and back of the cancelled check written for the work
 - c. A copy of the written receipt
 - d. Information on how they obtained the contractor's name. If it was through a newspaper ad or other advertisement, ask for a copy of the advertisement.
 - e. Any other written correspondence that has occurred between the contractor and the property owner

3. When you receive the above information, call the contractor. Discuss the following.
 - a. Ask if they have a State of Minnesota license or a City Residential Specialty Contractor's license. If they say they do not have any licenses, ask the type of work they do and determine if they need a State or City license. If they need a Residential Specialty License, ask if they would like to obtain a license. Get name and address to send them an application.
 - b. Discuss the property owner's complaint. Ask for their side of the story. Request they put their version in writing.
 - c. Give them a time period to apply for a license. One month is reasonable since it takes that about three weeks to get a bond.
 - d. Explain that if you do not get an application for a license by the due date, you may issue a criminal citation to them for operating without a license. Our goal is not to issue tags but to get licenses. With a license, we also have a bond so that we do not have to resolve a disputed issue, the bond company resolves it.

4. Call the property owner that sent the complaint. Explain the following.
 - a. The only thing the City can do with an unlicensed contractor is to write a misdemeanor citation for operating without a license.
 - b. We are going to try to get the contractor to
 1. Resolve their complaint directly with the property owner
 2. Apply for a license so there is a bond available for them to file their workmanship against.
 - c. If the contractor does not cooperate, the property owner will need to take their issue to court. They proceed to Small Claims Court if the dispute is valued under \$7500. If it is above \$7500, they should contract an attorney.

If the contractor does not apply for a license, then what?

Determine if the paperwork the property owner provided is adequate evidence to issue a criminal citation or criminal complaint. Administrative citations do not work with unlicensed contractors because we have a very low collection rate. Adequate evidence would answer these questions.

1. Was building contracting work proposed or completed?
2. Was the work proposed or performed over \$500?
3. Is it clear who to issue the charge of operating without a license?
 - a. Is a specific name on the check or contract? Banks often write the birth date and/or driver's license number of person cashing the check on the back or front of check.
 - b. If there is only a company name, can I prove who is the owner or operating that company?
4. Assess the motivation of the property owner. Some property owners know about licensing and use the city to avoid paying for work performed.

How to file a criminal complaint?

Write up a summary of the issue.

1. Send a copy, with all the documentation the property owner sent, to the city attorney's office.
2. If the city attorney decides it is a valid complaint, they will write up a criminal complaint. This complaint will be returned to you. You must get it signed by a judge at Hennepin County District Court.
3. A court date will be set and you will be notified if you will be required to appear.

Can I write a citation instead?

Yes. Use citations when the contractor has been cooperative but just never applied for a license or the property owner has inappropriate motivation.

When can I consider the complaint closed? If one of the following occurs:

- 1 Upon application of a license.
- 2 Issuance of a citation or criminal complaints
- 3 Withdrawal of the complaint by the property owner.

Subordination Disclosure

City of Minneapolis

105 5th Avenue South, Suite 200
Minneapolis, MN 55401

You are receiving or have received a loan from the City of Minneapolis. This loan is being closed in the name of the City of Minneapolis (City). If at some future date, you choose to obtain a new first mortgage or other financing that uses your home as security, there are some facts you should know about your City loan that may guide your decision.

The first fact you should know is that most, if not all, lenders will want their new mortgage to have as high a lien position as possible. If your new financing is a refinance of your current first mortgage, when your first mortgage is paid off, the City's loan along with any other financing automatically moves up in lien position and the new mortgage takes the lowest lien position on the title of your property. The only way for your new mortgage lender to obtain a first lien position is to either pay off the City's lien or request and obtain the City's approval to have its loan subordinated. Subordinated means that the City signs an agreement that says it will let its lien move to a lower lien position behind the new mortgage, which allows your new mortgage to move to a higher lien position.

The City will consider each subordination request subject to the *CITY'S SUBORDINATION POLICY* in effect at the time of the request.

The City will not consider a subordination request if any of the following conditions exist:

- ◆ New financing is an open-ended line-of credit
- ◆ Violation of Owner Occupancy requirement

All loan subordinations should be approved by the City prior to the closing of the new financing. The City reserves the right to refuse any subordination request that does not meet the *CITY'S SUBORDINATION POLICY* in effect at the time of the request, or if the request is determined to not be in the City's best interest.

There is a processing/review fee charged for each subordination request.

Completing these steps helps to protect your privacy. Once the IRS discloses your tax transcript to the third party listed on line 5, the IRS has no control over what the third party does with the information. If you would like to limit the third party's authority to disclose your transcript information, you can specify this limitation in your written agreement with the third party.

6 Transcript requested. Enter the tax form number here (1040, 1065, 1120, etc.) and check the appropriate box below. Enter only one tax form number per request. ▶ 1040

a Return Transcript, which includes most of the line items of a tax return as filed with the IRS. A tax return transcript does not reflect changes made to the account after the return is processed. Transcripts are only available for the following returns: Form 1040 series, Form 1065, Form 1120, Form 1120A, Form 1120H, Form 1120L, and Form 1120S. Return transcripts are available for the current year and returns processed during the prior 3 processing years. Most requests will be processed within 10 business days

b Account Transcript, which contains information on the financial status of the account, such as payments made on the account, penalty assessments, and adjustments made by you or the IRS after the return was filed. Return information is limited to items such as tax liability and estimated tax payments. Account transcripts are available for most returns. Most requests will be processed within 10 business days

c Record of Account, which provides the most detailed information as it is a combination of the Return Transcript and the Account Transcript. Available for current year and 3 prior tax years. Most requests will be processed within 10 business days

7 Verification of Nonfiling, which is proof from the IRS that you **did not** file a return for the year. Current year requests are only available after June 15th. There are no availability restrictions on prior year requests. Most requests will be processed within 10 business days

8 Form W-2, Form 1099 series, Form 1098 series, or Form 5498 series transcript. The IRS can provide a transcript that includes data from these information returns. State or local information is not included with the Form W-2 information. The IRS may be able to provide this transcript information for up to 10 years. Information for the current year is generally not available until the year after it is filed with the IRS. For example, W-2 information for 2011, filed in 2012, will likely not be available from the IRS until 2013. If you need W-2 information for retirement purposes, you should contact the Social Security Administration at 1-800-772-1213. Most requests will be processed within 10 business days

Caution. If you need a copy of Form W-2 or Form 1099, you should first contact the payer. To get a copy of the Form W-2 or Form 1099 filed with your return, you must use Form 4506 and request a copy of your return, which includes all attachments.

9 Year or period requested. Enter the ending date of the year or period, using the mm/dd/yyyy format. If you are requesting more than four years or periods, you must attach another Form 4506-T.
